

Center for Active Adults

Due to the COVID-19 pandemic, the Vintage building closed on March 16, 2020 and remained closed from July 1, 2020 through June 20, 2021. During this period, Vintage focused on supporting seniors in several key areas: wellness calls to identify unmet basic needs, food distribution of meals and donated food bags, access to information services, health education, vaccination assistance, and technology support. With grant funding from the Pennsylvania Department of Aging, Vintage created a dedicated technology center within the building. Home of the new Senior Tech Support program, Vintage offered a technology lending library and individual coaching sessions. The goal of this new initiative is to increase digital access and literacy among older adults.

Vaccines for COVID-19 became available to seniors early in 2021, however the process for securing an appointment was very challenging. Vintage provided direct vaccine registration assistance in addition to hosting five vaccination clinics, with 710 seniors receiving their vaccinations. Vintage was the first senior center in Allegheny County to re-open, welcoming older adults back for in-person services on June 21, 2021. Despite the ongoing challenges of COVID-19, seniors were eager to return to the center. During the eight days in June that the building was open, Vintage served 315 seniors.

SERVICE STATISTICS

Total Unduplicated Persons Served

Remote and In-Person 1,002

FINANCIALS (Pre-Audit)

Total Operating Revenue	..\$806,488
Capital Expense \$32,543
